The Comprehensive Annual Financial Report (CAFR) of The City of Alabaster (the City), for the fiscal year ended September 30, 2020 is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City's management. To the best of our knowledge and belief, the enclosed data is accurate in all material aspects and is reported in a manner designed to present fairly the financial position and results of operation of the various funds of the government and its component unit. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included.

As required by state law, an annual audit of the City's financial statements is conducted in accordance with established standards. BMSS, LLC, Certified Public Accountants, has issued an unmodified opinion on the City's financial statements for the year ended September 30, 2020. The independent auditors' report is located at the front of the financial section of this report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditors' Report located in the Financial Section of this report.

Profile of the Government

The City of Alabaster, Alabama was incorporated in 1953 and is the largest city in Shelby County. It serves a population of approximately 33,340 and occupies 20.6 square miles. The City is governed by a Mayor-Council form of government. The Mayor is elected at-large to serve a four-year term. Each of the seven city councilors are elected from seven single member wards for terms of four years. The Council is presided over by a president who is chosen by the council members and is also a voting member of the Council.

The Mayor is the chief executive officer of the City. The Mayor appoints, disciplines, and removes the heads of the City's several departments. These department heads are responsible for the operations of their respective departments.

The City provides a full range of services including general administration, police, fire protection, building inspections, licenses and permits, refuse collection, construction and maintenance of highways, streets and related infrastructure, recreation and leisure activities, and cultural enrichment. The City evaluated various other entities within the vicinity of the City, which could possibly be subject to inclusion in the financial statements under criteria established to define the reporting entity and its component units. In the Financial Section, Notes to the Financial Statements, Note 1 discusses the reporting entity as well as the City's component unit and why it is included in the City's financial reporting.

The annual budget serves as the City's guide for financial planning and control. The Mayor submits a budget to City Council and the budget is legally adopted by resolution prior to October 1 of each year. Budgetary control is maintained at the department level. Departmental capital purchases and new personnel positions included in the budget are subject to further justification and approval by Council prior to beginning the requisition or hiring process. Budgets for all funds lapse at the end of each fiscal year.

Local elections were held in August 2020 with new elected officials taking office in November 2020. In the August 2020 elections, Scott Brakefield was elected mayor, Jamie Cole was elected council person of Ward 5, and Seth Gandy was elected council person for Ward 6. All other wards remained unchanged.

Local Economy

Over the years, Alabaster has become a major retail trade area and major medical hub for Shelby County and the City of Alabaster continued to show economic growth during the current year. Alabaster enjoys a strong sense of community ownership and responsibility among City officials and local citizens, resulting in active community participation and involvement in all current City projects and issues.

Alabaster and other cities within Shelby County enjoy lower than average unemployment due to many stable service, health, and manufacturing employers in the area. At fiscal yearend, per the Alabama Department of Labor, the unemployment rate for Shelby County was 4.1% while the average unemployment rate for the entire state was 6.7%.

The general fund accounts for day-to-day activity for the City and includes all activity not assigned to special purpose funds. The three major sources of revenue for the general fund are sales and use tax, property tax, and business licenses. Sales and use tax revenues are generated primarily by retail sales and have increased by 6.4% over the past year. Property taxes are based on the assessed value of property within the City and increased 5.6% over the past year. Business licenses are generally based on the gross receipts of businesses within the City and have decreased by 0.9% over the past year.

During the past year, general fund expenditures for public safety have decreased 0.2% and general fund expenditures for public ways and facilities have increased 14.5%. The City remains committed to providing the necessary services to citizens in the most efficient and cost-effective manner available. The City had \$4.9 million in capital improvement expenditures paid out of the capital projects fund and general fund. Payments to the Alabaster Board of Education represent 18.5% of all general fund expenditures for the current fiscal year. The City remits 1% of all City imposed sales and use tax collected by the City to the Alabaster Board of Education to help maintain an elite school system within the community.

Relevant Financial Policies

The City of Alabaster strives to maintain an up-to-date set of comprehensive financial policies. New Governmental Accounting Standards Board (GASB) pronouncements are closely analyzed to determine any impact to the City's financial reporting requirements and proactive steps are taken to ensure implementation guidelines are followed and deadlines are met.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits and that the valuation of the costs and benefits requires estimates and judgments by management. We believe that the City's internal controls over financial reporting adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. Management will continue to implement policies and procedures that improve and strengthen internal controls.

Long-Term Planning and Major Initiatives

Unrestricted fund balance (the total of committed and unassigned components of fund balance) in the General Fund as of yearend was \$10,682,105 representing 36.2% of total General Fund expenditures for the current fiscal year. \$3,278,088 of the unrestricted fund balance at yearend was committed by City Council as an established reserve.

The Mayor, City Council, City Administrator, and Department Heads continue to strive to adhere to the City's goals in planning for continued growth and maintaining quality of life and the highest level of governmental services to all residents of the City. The City plans to accomplish these goals through continued infrastructure improvements, fostering economic development, and providing excellent government services with maximum efficiency and fiscal responsibility.

Awards

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Alabaster, Alabama for its comprehensive annual financial report for the fiscal year ended September 30, 2019. This was the third consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of the comprehensive annual financial report could not be accomplished without the dedicated services of the Finance Department staff as well as all City Departments who practice fiscal responsibility and assist in collecting and recording financial data in a timely manner. We would like to express our appreciation to all City staff who assisted and contributed to the preparation of this report.

The commitment to maintaining the highest standards of accountability in financial reporting speaks to the leadership and dedication of the Mayor and City Council. Their support to financial integrity has been instrumental in the preparation of this report.

Respectfully submitted,

John Haggard

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of the City Council
City of Alabaster, Alabama

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Alabaster, Alabama (the City), as of and for the year ended September 30, 2020 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Alabaster, Alabama as of September 30, 2020 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the schedule of changes in the net pension liability, the schedule of employer contributions - pension, and the schedule of changes in the total OPEB liability on pages 15-25 and 71-78 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Alabaster, Alabama's basic financial statements. The introductory section, combining nonmajor fund financial statements, budgetary comparison information for proprietary funds, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements and budgetary comparison information for capital projects, debt service, special revenue, proprietary funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and budgetary comparison information for proprietary funds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2021, on our consideration of the City of Alabaster, Alabama's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Alabaster, Alabama's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Alabaster, Alabama's internal control over financial reporting and compliance.

BMSS, LLC

Birmingham, Alabama

Management's Discussion and Analysis

As management of the City of Alabaster, Alabama, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Alabaster for the fiscal year ended September 30, 2020. We encourage users to read the information presented here in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2020 by \$60.1 million.
- The Statement of Activities shows the Primary Government received taxes and other revenue of \$39.9 million and had expenses of \$33.5 million.
- The City's governmental funds reported a combined ending fund balance of \$34.3 million. This is \$1 million greater than last fiscal year due to a \$1 million increase in fund balance related to current year activities.
- The City retired \$3.4 million of outstanding debt principal through scheduled debt service payments.
- The General Fund gave the Alabaster Board of Education \$5.5 million which represents the education portion of the sales tax collected.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The *statement of net position* presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused annual leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover a significant portion of their costs through user fees or charges (*business-type activities*). The governmental activities of the City include general government, public protection, public ways and facilities, and intergovernmental functions. The intergovernmental functions of the City are those activities whereby the City provides financial resources to other governmental entities.

The business-type activities of the City include the sanitary sewer and sanitation operations. Both activities are collectively referred to in the financial statements as those of the *primary government*.

The government-wide financial statements can be found on pages 26 through 28 of this report.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between government activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City maintains eleven individual governmental funds:

- The General Fund, the Capital Projects Fund, and the Debt Service Fund are considered *major* funds, and information is presented separately in the *governmental funds balance sheet* and in the *governmental funds statement of revenues, expenditures, and changes in fund balances* for these funds.
- The eight other governmental funds are considered *nonmajor* governmental funds and they are combined into a single, aggregated presentation in the basic financial statements. Individual fund data for each of these funds is provided in the form of combining statements found on pages 79 and 80 of this report.

The basic governmental fund financial statements can be found on pages 29 through 32 of this report.

Proprietary Funds

The City maintains one type of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sanitary sewer and sanitation activities.

Proprietary funds provide the same type of information as the government-wide financial statements, but in more detail. The basic proprietary fund financial statements provide information as follows:

- The Sewer Fund and the Garbage Fund are considered major proprietary funds of the City, and information is presented separately in the *proprietary funds statement of net position* and in the *proprietary funds statement of revenues, expenses, and changes in net position* for these funds.

The basic proprietary fund financial statements can be found on pages 33 through 35 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 36 through 69 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The City of Alabaster adopts an annual budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 71 through 78 of this report. In addition, the City of Alabaster adopts budgets for its major governmental funds, nonmajor governmental funds, and proprietary funds. A budgetary comparison schedule has been provided for these funds to demonstrate compliance with these budgets. These are included in the supplementary information section on pages 81 through 92.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining fund statements can be found on pages 79 through 80 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve as a useful indicator of a government's financial position. Overall, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$60.1 million at the close of the recent fiscal year. Of this figure, \$47.0 million represents the City's total investment in capital assets (i.e. land, buildings, improvements, infrastructure and other), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis (unaudited)
September 30, 2020 *City of Alabaster, Alabama*

An additional portion of the City's net position, \$22.6 million, represents resources that are subject to restrictions as to how they may be used. These are restrictions that are being imposed by legal requirements other than those imposed by the City Council (i.e. state or federal law).

Governmental Activities

The City's governmental activities rely heavily on property taxes and sales taxes to support governmental operations. Property taxes provided 10.5% and sales taxes provided 59.0% of the City's total governmental revenues. Sales tax revenue increased by 6.4% from 2019. It should be noted that program revenues covered 24.0% of governmental operating expenses and the government's taxpayers and the City's other general revenues covered 76.0% of the governmental activities. As a result, the general economy and the local businesses have a major impact on the City's revenue streams.

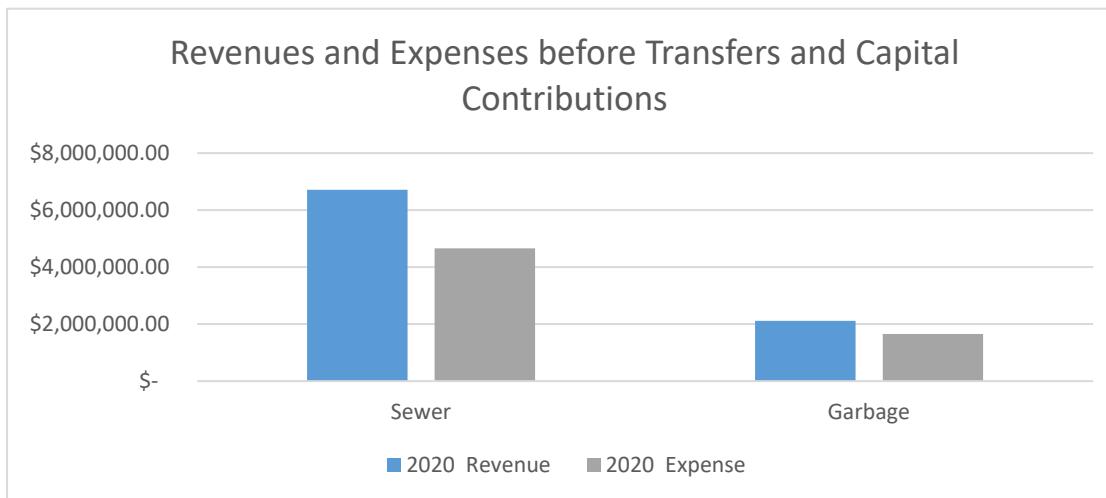

The most significant governmental expense for the City is providing public protection services such as fire and police protection. This comprised 46.0% of the total governmental expenses. Public protection expenses increased by \$718 thousand, or 4.9%, from 2019. The second largest cost incurred by the City for governmental activities is general government expenses, which is 17.0% of total governmental expenses. General government expenses increased by \$825 thousand, or 17.0%, from 2019. General government expenses increased primarily due to a contribution of \$822 thousand made to the State of Alabama to assist in widening a state highway through Alabaster. The total cost of all governmental activities increased by \$1.5 million, while total revenues increased by \$2.7 million.

Business-Type Activities

The cost of all proprietary (business-type) activities was \$6.3 million, which is a \$271 thousand increase from 2019. The amount paid by users of the sewer and garbage services was \$8.8 million, which is an increase of 0.5% from 2019. This increase was primarily due to an inflationary increase in sewer and garbage rates as well as an increase in customers during 2020. Within the total business-type activities of the City, these activities reported change in net position of \$2.1 million, which is an increase of 24.0% from 2019. The overall 2020 increase in net position is primarily attributable to a decrease of \$429k in transfers from the Sewer Fund to the City's General Fund.

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balance of the City's governmental funds increased \$1.1 million in 2020. This increase was due to General Fund revenues exceeding prior year amounts while General Fund expenditures remained fairly consistent and were slightly offset by capital expenditures in the Capital Projects Fund exceeding transfers into the fund. The total combined fund balance of the City's governmental funds, as of September 30, 2020, was \$34.3 million. Of this amount, \$6.9 million consisted of unassigned fund balance. Nonspendable fund balance was \$1.2 million, and fund balance that was committed, generally specified in council ordinances, totaled \$3.8 million. The remainder of the total fund balance totaled \$22.4 million, which was reserved to indicate that it was not available for new spending because it had already been committed to pay debt service and other purposes or must be spent for specific purposes in the future as required by legal constraints.

Total revenues were \$39.5 million, an increase of 7.6% from 2019. Sales tax revenue increased by \$1.4 million or 6.4%.

Looking at each major governmental fund individually, the fund balance for the General Fund at September 30, 2020 was \$12.1 million, an increase of \$2.3 million from the prior year. This increase in fund balance was primarily attributable to a \$1.4 million increase in sales tax revenues and a \$429 thousand increase in licenses and permits coupled with expenditures which only increased \$367 thousand. The fund balance at September 30, 2020 for the Capital Projects Fund was \$20.2 million, an decrease of \$308 thousand. The decrease was primarily attributable to spending \$3.9 million on capital outlay such as construction of a new police station and was offset by a large transfer into the Capital Projects Fund from the General Fund of \$4.0 million near year end. The fund balance for the Debt Service Fund at September 30, 2020 was \$1.1 million, an \$713 thousand decrease. The decrease is attributable to the fact that transfers to the Debt Service Fund from the General Fund for the purpose of funding debt service payments did not meet the yearly required debt service payments from the fund.

Proprietary Funds

The focus of the City's proprietary funds (enterprise) is to provide the same type of information as found in the government-wide financial statements, but in greater detail.

Management's Discussion and Analysis September 30, 2020

City of Alabaster, Alabama

Net position of the Sewer Fund and Garbage Fund were \$26.6 million and \$5.1 million, respectively. The total change in net position for the Sewer Fund and Garbage Fund was \$2.4 million and -\$228 thousand, respectively. The increase in net position for the Sewer Fund was primarily attributable to the payment of debt principal in the current year. The allocation of funds for debt principal payments means that \$3.4 million of cashflow for the current year went towards reducing liabilities on the Statement of Net Position and was not reflected as an expense on the Statement of Revenues, Expenses, and Changes in Net Position. The decrease in net position for the Garbage Fund was primarily attributable to a \$700 thousand transfer to the City's General Fund to reimburse the General Fund for debt payments made on behalf of the Garbage Fund. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Alabaster's business-type activities.

GOVERNMENTAL FUNDS BUDGETARY HIGHLIGHTS

Budget to actual statements and schedules are provided in the financial statements for the General Fund on page 71. Columns are provided for both the original adopted budget as well as the final budget. These budgets are followed by columns for actual revenues and expenditures and for variances between the final budget and actual revenues and expenditures.

As of September 30, 2020, actual revenues for the General Fund exceeded the final budgeted amounts by \$1.9 million or 5.3%. The primary reason for this variance was due to receiving grant revenue after year end that related to fiscal year 2020 expenditures and therefore required accrual at year end totaling \$1.2 million.

As of September 30, 2020, actual expenditures for the General Fund were less than the final budgeted amounts by \$488 thousand or 1.6%. The primary reasons for this variance were due to small favorable variances spread across the different departments in the City. 25.0% of all the City imposed sales and use tax proceeds are given by the City to the Alabaster Board of Education. The City budgeted for 25.0% of sales and use tax to be given to the City of Alabaster Board of Education in the current fiscal year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for governmental and business-type activities as of September 30, 2020, totaled \$90.9 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, land improvements, machinery and equipment, infrastructure, sewer plant and equipment. For further information on capital assets see Note 4 in the notes to the financial statements. Major purchases for 2020 consisted of \$4.1 million in construction in progress towards building a new police station and \$550 thousand of sewer equipment. The largest portion of disposed assets in the current year were old public safety vehicles that were taken out of service and replaced with newer vehicles.

Long-Term Debt

General obligation warrants are secured by the full faith and credit of the City and payable from the proceeds of various taxes. The City continues to maintain a high bond rating from Moody's Investors Service (Aa3) and Standard & Poor's (AA). Refer to Note 6 to the financial statements for additional information on long-term debt. As of September 30, 2020, the governmental activities had outstanding warrants totaling \$40.8 million and business-type activities had outstanding warrants totaling \$11.1 million. As of September 30, 2020, governmental activities had capital lease payables totaling \$304 thousand.

The City's total debt decreased by \$4.9 million during the current fiscal year. This decrease was due to making scheduled payments on debt service and issuing no new debt in 2020 other than refunding a sewer bond at a better interest rate, which did not increase the total debt owed by the Sewer Fund.

ECONOMIC CONDITIONS AFFECTING THE CITY

For the fiscal year ending September 30, 2020 the City of Alabaster has continued to show above average performance in comparison to national and state benchmarks. While the COVID-19 pandemic did affect the area, due to government stimulus, low unemployment in the area, and shifts in consumer spending, the City was able to see economic growth despite the negative effects of the pandemic. When compared to benchmarks such as overall unemployment, tax growth, and home sales, Alabaster continues its positive trend. The City continues its emphasis on retail, healthcare, industrial and residential sectors of the economy.

The City continues to contribute to the Alabaster Board of Education to create an excellent school system that will attract both new residents and economic development. The City continues to place emphasis on encouraging economic development within the City to help fund improvements and government services as well as provide increased quality of life for all residents.

CONTACTING THE CITY

This financial report is designed to provide a general overview of the City's finances and to demonstrate accountability for the money it receives from taxpayers, customers, and creditors. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to City of Alabaster Finance Department, 1953 Municipal Way, Alabaster, Alabama 35007, by calling (205) 378-5721, or by sending an email to jhaggard@cityofalabaster.com.

CITY OF ALABASTER, ALABAMA
 Reconciliation of the Governmental Funds Statement of Revenues,
 Expenditures and Changes in Fund Balances to the Statement of Activities
 For the Year Ended September 30, 2020

Net changes in fund balances - governmental funds \$ 1,064,031

Amounts reported for governmental activities in the statement of activities
 are different due to the following:

Governmental funds report capital outlays as expenditures. However, in the
 statement of activities, the cost of those assets is allocated over their estimated
 useful lives and reported as depreciation expense. This is the amount by which
 capital outlays exceeded depreciation in the current period.

Capital outlay	4,948,003	
Less depreciation expense	<u>(1,956,052)</u>	2,991,951

The proceeds from the sale of capital assets (\$25,000) are reported as other
 financing sources in the governmental funds. However, the net book value of
 the capital assets (\$5,572) is removed from the capital assets account in the
 statement of net position and offsets against the sales proceeds resulting in a
 gain in the statement of activities of \$19,428. (5,572)

The issuance of long-term debt (e.g., warrants, leases, etc.) provides current
 financial resources to governmental funds, while the repayment of the principal
 of long-term debt consumes the current financial resources of governmental funds.
 Neither transaction, however, has any effect on net position. Also, governmental
 funds report the effect of discounts, premiums, and similar items when debt is
 first issued, whereas these amounts are deferred and amortized in the statement
 of activities. This amount is the net effect of these differences in the treatment
 of long-term debt and related items.

Principal retirement	3,369,300	
Payment to refund warrants	13,155,000	
Issuance of warrants	(12,615,000)	
Premium on issuance of warrants	(729,950)	
Warrant discount amortization expense	<u>30,844</u>	3,210,194

Some expenses reported in the statement of activities do not require the use of
 current financial resources and, therefore, are not reported as expenditures in
 governmental funds.

Net decrease in accrued compensated absences	(140,088)	
Net increase in pension expense	(134,935)	
Net increase in post-employment benefit payable	(645,268)	
Decrease in accrued interest	<u>90,881</u>	<u>(829,410)</u>

Change in net position - governmental activities \$ 6,431,194

The notes to the financial statements are an integral part of this statement.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The City of Alabaster, Alabama (the City), an Alabama Municipal Corporation, was incorporated in 1953 and is governed by a Mayor-Council form of government. The Mayor is elected at-large to serve a four-year term. Each of the seven city councilors are elected from seven single member wards for terms of four years. The Council is presided over by a president who is chosen by the council members and is also a voting member of the Council.

The financial statements of the City have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The City's reporting entity applies all relevant GASB pronouncements. In preparing the financial statements, management evaluated subsequent events through February 19, 2021, the date the financial statements were available to be issued. The more significant of these accounting policies are described below.

As required by GAAP, these financial statements present the government and its component unit, an entity for which the government is considered to be financially accountable. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize that it is legally separate from the government. Blended component units, although legally separate entities, are, in substance, part of the government's operations. The City has no blended component units.

Discretely Presented Component Unit

Commercial Development Authority (CDA) - The CDA was created by Act of the Alabama Legislature to acquire, own, and lease projects for the purpose of promoting trade and commerce by inducing commercial enterprises to locate new facilities in the City and expand existing facilities in the City. The City has no control or influence over the entity's operations; however, the CDA owes the City \$11,857,713; therefore, there is a potential burden on the primary government. The CDA is governed by a five-member board appointed by the City Council. The CDA is presented in a separate column on the government-wide financial statements to emphasize that it is legally separate from the City.

Government-Wide and Fund Financial Statements

The basic financial statements are presented at both the government-wide (based on the City as a whole) and fund financial level. Both levels of statements categorize primary activities as either governmental or business-type. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

Government-Wide Financial Statements display information about the City as a whole and its component units. The effect of interfund activity has been removed from these statements. These aggregate statements consist of the statement of net position and the statement of activities.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Government-Wide and Fund Financial Statements - Continued

The *Statement of Net Position* measurement focus is full accrual basis of accounting and economic resource measurement and the statement presents information on all of the City's assets and liabilities (including long-term assets and receivables as well as long-term debt and obligations), with the difference being reported as net position.

The *Statement of Activities* demonstrates the degree to which direct expenses of a given function, or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items (property, sales and use taxes, certain intergovernmental revenues, etc.) not attributable to a specific program are reported as general revenues. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. The City does not employ an indirect cost allocation system.

Fund Financial Statements display information at the individual fund level. Each fund is considered to be a separate accounting entity. Funds are classified and summarized as governmental or proprietary. Major individual funds are reported in separate columns in the basic financial statements. Non-major funds (by category or fund type) are consolidated into a single column of the basic financial statements.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded. The government-wide financial statements are presented on a full accrual basis of accounting with an economic resource measurement focus. An economic resource focus concentrates on an entity or fund's net position.

All transactions and events that affect the total economic resources (net position) during the period are reported. Economic resources measurement focus is connected with the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash inflows and outflows.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Measurement Focus and Basis of Accounting - Continued

Governmental fund financial statements are presented on a modified accrual basis of accounting with a current financial resource measurement focus. The measurement focus concentrates on the fund's resources available for spending currently or in the near future. Only transactions and events affecting the fund's current financial resources during the period are reported. Current resources measurement is connected with the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). Measurable means the amount of the transaction can be determined and revenues are considered available when they are collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Revenues considered susceptible to accrual are property taxes, state, county and local shared revenues, franchise taxes and intergovernmental revenues. Expenditures are recognized when the related liability is incurred, with the exception of principal and interest on general obligation long-term debt, compensated absences and other post-employment benefits payable, and claims and judgments, which are recognized as expenditures to the extent that they have matured.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented on the page following each statement, which briefly explains the adjustment necessary to transform the fund-based financial statements into the governmental activities column of the government-wide presentation.

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of operating income and changes in net financial position and cash flows. All assets and liabilities are included on the Statement of Net Position. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Basis of Presentation - Fund Level Financial Statements

Generally accepted accounting principles set forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category) for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section located in the supplementary information section of the financial statements.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Presentation - Fund Level Financial Statements - Continued

The City reports the following major governmental funds:

General Fund - To account for all revenues and expenditures applicable to the general operations of government that are not properly accounted for in another fund. All general operating revenues, which are not restricted or designated as to use by outside sources, are recorded in the General Fund.

Capital Projects Fund - To account for financial resources that are received and used for the acquisition, construction, or improvement of capital assets.

Debt Service Fund - To account for financial resources related to the City's debt service and debt defeasances.

The City reports the following major proprietary funds:

Sewer Fund - To account for the operation of the City's sanitary sewer services provided to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service.

Garbage Fund - To account for the operation of the City's solid waste and sanitation program, a self-supporting activity, which provides for the collection and disposal of solid waste on a user charge basis to residents and businesses located in Alabaster.

Additionally, the City reports the following non-major governmental funds:

Capital Projects Funds - To account for the acquisition of capital assets and construction or improvement of major capital projects such as construction of new roads.

Special Revenue Funds - To account for the proceeds of specific revenue resources that are legally restricted or designated for expenditures with specified purposes.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

The City considers all instruments with an original maturity of three months or less to be cash and cash equivalents. Cash equivalents consist of money market securities stated at fair value which approximates cost. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. These amounts represent actual account balances held by financial institutions at the end of the period, and unlike the balances reported in the financial statements, the account balances do not reflect timing delays inherent in reconciling items such as outstanding checks and deposits in transit. The City has never experienced any losses related to those balances.

The City also participates in the Alabama State Treasury's Security for Alabama Funds Enhancement (SAFE) program. The bank holding the City's deposits is a certified participant in the SAFE program. Through the SAFE program, all public funds are protected through a collateral pool administered by the Alabama State Treasury.

Allowance for Uncollectible Accounts

The City reports accounts receivable at net realizable value. Management determines the allowance for doubtful accounts based on historical losses and current economic conditions. On a continuing basis, management analyzes delinquent receivables and, once these receivables are determined to be uncollectible, they are written off through a charge against an existing allowance or through bad debt expense.

Prepaid Items

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year. Prepays are presented using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

Parts and Supplies

Parts and supplies consist of supplies held for consumption and are recorded at cost.

Restricted Assets

The use of restricted assets is limited by legal requirements or restrictions imposed externally by creditors or contributors. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted, as they are needed.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Interfund Transfers, Receivables and Payables

During the normal course of operations, the City has numerous transactions between funds to provide services, construct assets, and service debt. These receivables and payables are classified as "Due to/from other funds," as they are all short-term in nature. These amounts have been eliminated on the government-wide financial statements, except for amounts outstanding between the General Fund and business-type activities.

Routine transfers of resources between City funds that are not intended to be repaid are classified separately from revenues and expenditures. Such interfund operating transfers are identified as "Interfund transfers in/(out)" in the accompanying financial statements.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, which consist of streets, roads, sidewalks and similar items, are reported in the government-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the government as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of three years. Capital assets purchased or acquired are carried at historical cost or estimated historical cost.

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' useful lives are charged to operations as incurred. Improvements that materially extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Depreciation of capital assets is computed using the straight-line method over the following estimated useful lives: building and improvements, 3 to 50 years; equipment, 3 to 50 years; infrastructure 10 to 50 years; and vehicles, 5 to 10 years.

Depreciation is provided in the proprietary funds in amounts sufficient to relate the cost of the depreciable assets to operations over their estimated service lives on the straight-line basis.

Deferred Outflows of Resources

The City's statements of net position report a separate section for deferred outflows of resources. This separate financial statement element reflects a decrease in net position that applies to future periods. Deferred outflows of resources reported in the financial statements are amounts of pension contributions through the end of the City's fiscal year to be recognized by the pension plan on the accrual basis of accounting in the next measurement period and are deferred amounts arising from the refunding of warrants payable. The deferred refunding amounts are being amortized over the remaining life of the refunding warrants as part of interest expense.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Long-term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column of the statement of net position. Warrant premiums and discounts are deferred and amortized over the life of the warrants using the warrant outstanding method. Warrants payable are reported net of the applicable warrant premium or discount. Warrant issue costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize warrants premiums, discounts and issuance costs during the current period. The face amount of debt issued is reported as other financing sources, while premiums and discounts are reported as other financing sources and uses, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

All full-time employees of the City accumulate vacation (annual leave) and holiday time during the calendar year. On January 1 of each year, vacation hours in excess of 240 are forfeited. Accumulated vacation leave is paid to an employee at the time of separation of service.

Eligible employees earn sick leave at the rate of one work day for each month of service. Sick leave can be converted as years of service upon retirement in the Retirement Systems of Alabama. Employees are not paid for unused sick leave upon termination of employment. Accordingly, sick pay is charged to expense when taken. No provision has been made in the financial statements for unused sick leave.

The accrued amounts of vacation are recorded as noncurrent liabilities in proprietary funds, net of estimated current portion. The accrued amounts of vacation earned by employees whose salaries are charged to the General Fund are recorded as noncurrent liabilities in the government-wide financial statements, net of estimated current portion.

Other Post-Employment Benefit Liability (OPEB)

The City is required to report the City's actuarially determined total OPEB liability as a long-term liability in the government-wide financial statements (See Note 10).

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Pensions

The Employees' Retirement System of Alabama (the Plan or ERS) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the Plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with the requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

Deferred Inflows of Resources

The City's statement of net position and its governmental fund balance sheet report a separate section for deferred inflows of resources. This separate financial statement element reflects an increase in net position or fund balance that applies to a future period. Deferred inflows of resources reported in the financial statements are for differences between projected and actual earnings on pension plan investments and property taxes levied for subsequent years.

Net Position

The City reports information regarding its financial position and activities according to three classes of net position in the government-wide financial statements: investment in capital assets, restricted net position, and unrestricted net position.

Net Investment in Capital Assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position is reported as restricted when constraints placed on net position are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions.

Unrestricted Net Position is the residual component of net position. It consists of net position that does not meet the definition of restricted or invested in capital assets, net of related debt.

Fund Equity

The City is required, as applicable, to present fund balances in five categories. The fund balance categories are:

Non-spendable - Includes items that cannot be spent because they are either (a) not in a spendable form or; (b) legally or contractually required to be maintained intact.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Equity - Continued

Restricted - Includes items that are restricted by external creditors, grantors or contributors, or restricted by legal constitutional provisions.

Committed - Includes items committed for specific purposes determined by a formal action of the City Council. The City Council is the highest level of decision-making authority for the City. Commitments may be established, modified, or rescinded through resolutions approved by the City Council.

Assigned - Includes items that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The City Council has the authority to assign amounts to be used for specific purposes.

Unassigned - This is the residual classification used for those balances not assigned to another category in the General Fund. Deficit fund balances are also presented as unassigned.

It is the City's policy to use restricted balances first, followed by committed resources, assigned resources, and finally unassigned resources, as needed.

Property Taxes

Property taxes are assessed on October 1 and levied on the subsequent October 1 for the fiscal year beginning on the levy date, at which time a lien is attached. These taxes are due and payable on October 1 (levy date) and delinquent after December 31 in each year (except with respect to motor vehicles, which have varying due dates), after which a penalty and interest are required to be charged. If real property taxes are not paid by the June 15 following the due date, a tax sale is required to be held. Revenue is recognized in the year when the taxes are levied and collected. The taxes are collected by the Shelby County, Alabama tax collector and remitted to the City net of a collection fee.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 2 - DEPOSITS AND INVESTMENTS

The City's formal written investment policy, consistent with the Government Finance Officer Association (GFOA) Policy, authorizes the City to invest in obligations of the U.S. Treasury, certain U.S. agency obligations, State of Alabama obligations, county obligations, and other municipal obligations, as well as bank certificates of deposit and bank public investment accounts. The policy also addresses specific types of risks that the government is exposed to through its deposits or investments. At year end, the government did not have any investment balances.

Interest Rate Risk - As a means of limiting its exposure to interest rate risk, the City's policy is to diversify its investments by security type and institution, and limit holdings in any one type of investment with any one issuer. The City also coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term.

Custodial Credit Risk - For deposits, custodial credit risk is the risk that, in the event of bank failure, the City's deposits may not be returned to it. All of the City's investments at September 30, 2020 were insured.

NOTE 3 - RECEIVABLES

Receivables consisted of the following at September 30, 2020:

	Governmental Activities	Business-type Activities	Total
Taxes	\$ 6,479,303	\$ -	\$ 6,479,303
Customers	-	1,259,178	1,259,178

NOTE 4 - CAPITAL ASSETS - Continued

Capital asset activity for the discretely presented component unit, CDA, consisted of the following for the year ended September 30, 2020:

	Governmental Activities		
	October 1, 2019	Additions	Disposals
Depreciable assets			September 30, 2020
Infrastructure	\$ 4,000,000	\$ -	\$ 4,000,000
Less accumulated depreciation			
Infrastructure	913,334	80,000	993,334
	<u>3,086,666</u>	<u>(80,000)</u>	<u>3,006,666</u>
Non-depreciable assets			
Land and improvements	10,590,480	20,000	172,874
	<u>\$ 13,677,146</u>	<u>\$ (60,000)</u>	<u>\$ 13,444,272</u>

Depreciation expense for all depreciable assets is charged to functions/programs of the discretely presented component unit. Depreciation expense totaled \$80,000 for the year ended September 30, 2020.

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund payables and receivables consisted of the following at September 30, 2020:

	Interfund Receivables (Payables)
General Fund	\$ 135
Garbage	<u>(135)</u>
	<u>\$ -</u>

Interfund payables and receivables resulted from reimbursements made by the General Fund to the Sewer and Garbage Funds for various operating expenses.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

September 30, 2020

(Continued)

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

Interfund transfers consisted of the following during the year ended September 30, 2020:

Transfer out	Transfer In						Total transfer in	
	Debt		Other					
	General	Service	Governmental	Sewer	Garbage			
General Fund	\$ -	\$ 20,220	\$ 62,182	\$ 1,350	\$ 406,205	\$ 489,957		
Capital Projects	3,450,000	-	561,056	-	-	4,011,056		
Debt Service	3,535,396	-	-	-	-	3,535,396		
Sewer	18,448	-	-	-	303,875	322,323		
Garbage	9,818	-	-	-	-	9,818		
Total transfer out	\$ 7,013,662	\$ 20,220	\$ 623,238	\$ 1,350	\$ 710,080	\$ 8,368,550		

In general, transfers are used to (1) move revenues from the fund that collects the money to the fund that expends the money, (2) move receipts restricted or earmarked for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in a fund to provide operating advances to other funds in accordance with budgetary authorizations.

NOTE 6 - LONG-TERM DEBT

The City issues general obligation warrants to provide funds for the acquisition and construction of major capital facilities. General obligation warrants have been issued for both governmental and business-type activities. General obligation warrants are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as serial bonds with equal amounts of principal maturing each year with maturities that range from 5 to 20 years.

CITY OF ALABASTER, ALABAMA

Compensated absences	<u>86,818</u>	<u>77,941</u>	<u>84,146</u>	<u>80,613</u>	<u>40,306</u>
	<u><u>\$ 12,854,774</u></u>	<u><u>\$ 11,296,316</u></u>	<u><u>\$ 13,005,570</u></u>	<u><u>\$ 11,145,520</u></u>	<u><u>\$ 815,306</u></u>

In prior years, the government defeased various general obligation bonds and warrants by placing the proceeds of the new bonds or warrants in an irrevocable trust account to provide for all future debt service payments on the old bonds and warrants. Accordingly, the trust account assets and the liabilities for the defeased bonds and warrants are not included in the government's financial statements. At September 30, 2020, \$27,470,000 of defeased bonds and warrants remained outstanding.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 7 - RELATED PARTY TRANSACTIONS

The Alabaster Water Board bills and collects customers' monthly sewer and garbage fees for the City at no charge, in lieu of the Alabaster Water Board paying the City a franchise tax. The Board owed the City \$743,180 at September 30, 2020 for those fees collected during the month of September.

During the year ended September 30, 2020, the City recognized a total of \$8,822,758 in sewer and garbage fees collected by the Water Board.

At September 30, 2020, the CDA owed the Capital Projects Fund \$11,857,713. The purpose of the loan was to enable the CDA to purchase land and fulfill contractual obligations. The note is non-interest bearing and is not expected to be received in the near-term.

NOTE 8 - CAPITAL LEASE OBLIGATIONS

The City has entered into three lease agreements to finance the purchases of police vehicles and fire trucks. These lease agreements are treated as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the inception dates in the basic financial statements. Amortization of assets under capital leases is included in depreciation expense. As of September 30, 2020, the future minimum lease payments under the capital lease agreements are as follows for the fiscal years ending:

	Governmental Activities	Business-type Activities	Total
2021	\$ 308,444	\$ -	\$ 308,444
Future minimum lease payments	308,444	-	308,444
Less: amounts representing interest	(4,255)	-	(4,255)
Present value of minimum lease payments	304,189	-	304,189
Less: current portion	(304,189)	-	(304,189)
Long-term capital lease obligation	\$ -	\$ -	\$ -

As of September 30, 2020, the governmental activities lease had capitalized costs totaling \$2,037,832 and accumulated depreciation of \$690,590, and a net book value of \$1,347,242. Interest expense paid under the capital lease agreement totaled \$16,722 during the year ended September 30, 2020.

NOTE 9 - PENSION PLAN

General Information about the Pension Plan

Plan Description

The ERS, an agent multiple-employer public employee retirement plan, was established as of October 1, 1945, pursuant to the *Code of Alabama 1975, Title 36, Chapter 27* (Act 515 of the Legislature of 1945). The purpose of the ERS is to provide retirement allowances and other specified benefits for state employees, State Police, and, on an elective basis, to all cities, counties, towns, and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control which consists of 13 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975, Title 36, Chapter 27* grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

The ERS Board of Control consists of 13 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio.
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.
- 6) Six members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
 - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a city, county, or a public agency each of whom is an active beneficiary of ERS.
 - b. Two vested active state employees.
 - c. Two vested active employees of an employer participating in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.

NOTE 9 - PENSION PLAN - Continued

Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years or more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. State Police are allowed 2.375% for each year of State Police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of creditable service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending September 30 are paid to the beneficiary.

The ERS serves approximately 907 local participating employers. The ERS membership includes approximately 93,986 participants. As of September 30, 2019, membership consisted of:

Retirees and beneficiaries currently receiving benefits	25,871
Terminated employees entitled to but not yet receiving benefits	1,794
Terminated employees not entitled to a benefit	11,001
Active members	55,222
Post-DROP participants who are still in active service	98
	<hr/>
	93,986

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 9 - PENSION PLAN - Continued

The City's membership as of the measurement date of September 30, 2019 consisted of:

Retired members or their beneficiaries currently receiving benefits	58
Vested inactive members	4
Non-vested inactive members	20
Active members	250
Post-DROP participants who are still in active service	-
	<hr/> <u>332</u>

Contributions

Covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.50% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation. ERS local participating employers are not required by statute to increase contribution rates for their members.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contributions rates are the same for Tier 2 covered members of ERS local participating employers.

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year with additional amounts to finance any unfunded accrued liability, the preretirement death benefit, and administrative expenses of the Plan. For the year September 30, 2020, the City's active employee contribution rate was 5.84% of covered employee payroll, and the City's average contribution rate to fund the normal and accrued liability costs was 8.73% of pensionable payroll.

CITY OF ALABASTER, ALABAMA
 Notes to the Financial Statements
 September 30, 2020
 (Continued)

NOTE 9 - PENSION PLAN - Continued

The City's contractually required contribution rate for the year ended September 30, 2020 was 9.97% of pensionable pay for Tier 1 employees, and 6.69% of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation as of September 30, 2017, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the City were \$1,297,280 for the year ended September 30, 2020.

Net Pension Liability

The City's net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as September 30, 2018, rolled forward to September 30, 2019, using standard roll-forward techniques as shown in the following table:

	Expected	Actual
(a) Total pension liability as of September 30, 2018	\$ 47,571,813	\$ 47,044,842
(b) Discount rate	7.70%	7.70%
(c) Entry age normal cost for the period October 1, 2018 - September 30, 2019	1,261,525	1,261,525
(d) Transfers among employers:	-	(160,902)
(e) Actual benefit payments and refunds for the period October 1, 2018 - September 30, 2019	<u>(2,108,928)</u>	<u>(2,108,928)</u>
(f) Total pension liability as of September 30, 2019 [(a) x (1+(b))] + (c) + (d) + [(e) x (1+0.5*(b))]	<u>\$ 50,306,246</u>	<u>\$ 49,577,796</u>
(g) Difference between expected and actual:	\$ (728,450)	
(h) Less liability transferred for immediate recognition:	(160,902)	
(i) Experience (gain)/loss = (g) - (h)	<u>\$ (567,548)</u>	

Actuarial Assumptions

The total pension liability, as of September 30, 2019, was determined based on the annual actuarial funding valuation report prepared as of September 30, 2018. The key actuarial assumptions are summarized below:

1. An investment rate of return of 7.70% (net of pension plan investment expense), including inflation at 2.75%, per annum compounded annually on the investment of present and future assets.
2. Projected salary increases, based on age ranging from 3.25% to 5.00%.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 9 - PENSION PLAN - Continued

Mortality rates were based on the sex distinct RP-2000 Blue Collar Mortality Table Projected with Scale BB to 2020 with an adjustment of 125% at all ages for males and 120% for females ages 78 and older. The rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disabled Retiree Mortality Table Projected with Scale BB to 2020 with an adjustment of 130% at all ages for females.

The actuarial assumptions used in the actuarial valuation as of September 30, 2017, were based on the results of an investigation of the economic and demographic experience for the ERS based upon participant data as of September 30, 2015. The Board of Control accepted and approved these changes in September 2016, which became effective at the beginning of fiscal year 2016.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	Target Allocation	Long-Term Expected Rate of Return*
Fixed income	17.0%	4.4%
U.S. large stocks	32.0%	8.0%
U.S. mid stocks	9.0%	10.0%
U.S. small stocks	4.0%	11.0%
International developed market stocks	12.0%	9.5%
International emerging market stocks	3.0%	11.0%
Alternatives	10.0%	10.1%
Real estate	10.0%	7.5%
Cash	3.0%	1.5%
	<u>100.0%</u>	

*Includes assumed rate of inflation of 2.50%.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

September 30, 2020

(Continued)

NOTE 9 - PENSION PLAN - Continued**Discount Rate**

The discount rate used to measure the total pension liability was the long-term rate of return, 7.70%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)

NOTE 9 - PENSION PLAN - Continued

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the City's net pension liability calculated using the discount rate of 7.70%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.70%) or 1-percentage-point higher (8.70%) than the current rate (dollar amounts in thousands):

	Current		
	1% Decrease	Discount	1% Increase
	(6.70%)	Rate (7.70%)	(8.70%)
Plan's net pension liability	\$ 18,658,238	\$ 12,088,621	<u>\$ 6,613,383</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2019. The supporting actuarial information is included in the GASB Statement No. 68 Report for the ERS prepared as of September 30, 2019. The auditor's report on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes detail by employer and in aggregate additional information needed to comply with GASB 68. The additional financial and actuarial information is available at <http://www.rsa-al.gov/index.php/employers/financial-reports/gasb-68-reports/>.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS

General Information About the OPEB Plan

Plan Description

The City provides certain continuing health care and life insurance benefits for its retired employees. The City of Alabaster's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the City. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the City. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Statement No. 75, paragraph 4, *Postemployment Benefits Other Than Pensions - Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria - Defined Benefit*.

Benefits Provided

Medical benefits are provided through a comprehensive medical plan and are made available to employees upon actual retirement. The earliest retirement eligibility provisions are as follows: 25 years of service at any age; or, age 60 and 10 years of service (called "Tier I" members). Employees hired on and after January 1, 2013 (called "Tier II" members) are eligible to retire only after attainment of age 62 or later completion of 10 years of service.

The City contributes \$700 per month for single medical coverage to age 65 (\$1,198 for family coverage) and \$212.50 per month after age 65 for Medicare supplement coverage continuing for the life of the retiree. The retiree is responsible for the balance of the monthly contribution. Any retiree earning more than \$30,000 per annum is not eligible for the subsidy.

Employees Covered by Benefit Terms

At September 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	25
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>216</u>
	<u><u>241</u></u>

Total OPEB Liability

The City's total OPEB liability of September 30, 2020 was measured as of September 30, 2020 and was determined by an actuarial valuation as of that date.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS - Continued

Actuarial Assumptions and Other Inputs

The total OPEB liability in the September 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	3.00% including inflation
Discount rate	4.06% annually (beginning of year)
	2.21% annually (as of end of year measurement date)
Healthcare cost trend rates	1.50% annually

The discount rate was based on the average of the Bond Buyers' 20-Year General Obligation municipal bond index as of September 30, 2020, the end of the applicable measurement period.

Mortality rates were based on the RPH-2014 Table with projection to MP-2018.

The actuarial assumptions used in the September 30, 2020 valuation were based on the results of ongoing evaluations of the assumptions from October 1, 2009 to September 30, 2020.

Changes in Total OPEB Liability

Notes to the Financial Statements
September 30, 2020
(Continued)

NOTE 11 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City's risk management program mainly encompasses obtaining property and liability insurance through commercial insurance carriers. During the year ended September 30, 2020, the City paid premiums of approximately \$495,000 to commercial insurance carriers for provisions of various liability, property, casualty and workers compensation insurance. The City has a deductible of \$5,000. There were no significant changes in coverage retention, or limits during the fiscal year. The General Fund handles property claims for the City and absorbs the loss for any amounts below the deductible amounts.

The City is a defendant in a lawsuit which resulted in a final verdict in District Court against the City in the net amount of approximately \$3,800,000, including prejudgment interest and fees. The City appealed the judgment to the United States Eleventh Circuit Court on September 21, 2018. The City's management feels the City has a valid defense and the appeal will be successful. Oral arguments were held on January 29, 2020, but no ruling or opinion has been announced by the 11th Circuit Court.

The City has recorded a liability on the government-wide statement of net position in the amount of \$3,800,000 in accordance with the accounting criteria established in GASB 10 *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

The chart below recaps the number of settlements that have exceeded the City's self-insured retention limits in the last three years.

	2018	2019	2020
Property and casualty	\$ -	\$ -	\$ -
	<hr/>	<hr/>	<hr/>

NOTE 12 - ECONOMIC DEPENDENCY

The City is economically dependent on a small number of principal taxpayers. Sales and use tax revenue accounted for 59.01% of total governmental fund-type revenues for the year ended September 30, 2020. Sales and use tax revenues received from one major taxpayer accounted for 16.88% of the total sales and use tax collected City-wide. In addition, business license revenues received from one major company accounted for 27.65% of the total business license revenues collected City-wide.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

(Continued)

NOTE 13 - TAX ABATEMENTS

The City enters into sales tax abatement agreements with local businesses under the Tax Incentive Reform Act of 1992. Under the Act, cities, counties and public industrial authorities have the ability to abate sales and use taxes and property taxes for various time periods depending on the type of business, all for the purpose of attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business located within or promising to relocate to the City. For the fiscal year ended September 30, 2020, the City abated taxes totaling \$431,076 under this Act, as summarized below.

Purpose	Type of Taxes Abated	Percentage of Taxes Abated during the Fiscal Year	Amount of Taxes Abated during the Fiscal Year
Development of Alalanding shopping center on Highway 31	Sales	45%	\$ 83,549
To bring Ulta to Promenade Shopping Center	Sales	49%	60,722
To bring Dick's, Panda Express, and Verizon to Promenade Shopping Center	Sales	26%	190,329
Development of manufacturing facility in Alabaster	Property	100%	1,996
Development of manufacturing facility in Alabaster	Property	100%	10,467
Development of manufacturing facility in Alabaster	Property	100%	11,801
Development of distribution facility in Alabaster	Property	100%	<u>72,212</u>
			<u>\$ 431,076</u>

NOTE 14 - ACCOUNTING CHANGES AND ACCOUNTING STANDARDS

The GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance* to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. There was no financial statement impact as a result of the implementation of the Statement.

The GASB issued Statement No. 84, *Fiduciary Activities* to establish criteria for identifying fiduciary activities of all state and local governments. The requirements of GASB 84 are effective for fiscal years beginning after December 15, 2019. The City is currently evaluating the impact GASB 84 may have on its financial statements.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

September 30, 2020

(Continued)

NOTE 14 - ACCOUNTING CHANGES AND ACCOUNTING STANDARDS - Continued

The GASB issued Statement No. 87, *Leases* to increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of GASB 87 are effective for fiscal years beginning after June 15, 2021. The City is currently evaluating the impact GASB 87 may have on its financial statements.

The GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* to (1) enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) simplify accounting for interest cost incurred before the end of a construction period. The requirements of GASB 89 are effective for fiscal years beginning after December 15, 2020. The City is currently evaluating the impact GASB 89 may have on its financial statements.

The GASB issued Statement No. 90, *Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61* to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. The requirements of GASB 90 are effective for fiscal years beginning after December 15, 2019. The City is currently evaluating the impact GASB 90 may have on its financial statements.

The GASB issued Statement No. 91, *Conduit Debt Obligations* to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of GASB 91 are effective for fiscal years beginning after December 15, 2021. The City is currently evaluating the impact GASB 91 may have on its financial statements.

The GASB issued Statement No. 92, *Omnibus 2020* to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of GASB 92 are effective for fiscal years beginning after June 15, 2021. The City is currently evaluating the impact GASB 92 may have on its financial statements.

The GASB issued Statement No. 93, *Replacement of Interbank Offered Rates* to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. The requirements of GASB 93 are effective for fiscal years beginning after June 15, 2021. The City is currently evaluating the impact GASB 93 may have on its financial statements.

CITY OF ALABASTER, ALABAMA

Notes to the Financial Statements

September 30, 2020

(Continued)

NOTE 14 - ACCOUNTING CHANGES AND ACCOUNTING STANDARDS - Continued

The GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of GASB 94 are effective for fiscal years beginning after June 15, 2022. The City is currently evaluating the impact GASB 94 may have on its financial statements.

The GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements* to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The requirements of GASB 96 are effective for fiscal years beginning after June 15, 2022. The City is currently evaluating the impact GASB 96 may have on its financial statements.

NOTE 15 - UNCERTAINTIES

A novel strain of coronavirus, COVID-19, emerged in the United States in early 2020. The extent of the impact of COVID-19 on the City's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on its taxpayers, employees, and vendors, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the City's financial condition or results of operations in the near term is uncertain.

NOTE 16 - SUBSEQUENT EVENTS

On September 9, 2020, the City Council of the City of Alabaster (Council) approved an application for the formation of The Public Building Authority of the City of Alabaster (PBA) under the provisions of Chapter 56 of Title 11 of the Code of Alabama 1975, as amended. On September 21, 2020, the Council appointed three residents of Alabaster to serve as the initial board of directors of the PBA. On October 6, 2020, the PBA issued bonds in the amount of \$16,030,000 to be used for the construction of a new police station building. On October 22, 2020, the PBA entered into a lease agreement with the City to lease the police station for an annual amount equal to the yearly principal and interest payments on the bonds issued. The total indebtedness of the PBA is expected to be repaid entirely with resources of the primary government. Therefore, beginning with the fiscal year ending September 30, 2021, the PBA and their respective assets and liabilities will be presented in the City's comprehensive annual financial report as a blended component unit.

CITY OF ALABASTER, ALABAMA
Notes to the Required Supplementary Information
September 30, 2020

NOTE 1 - BUDGETARY INFORMATION

The annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. The following describes the budgeted and non-budgeted funds:

Annually-Budgeted Governmental Funds

General Fund

Capital Projects Fund

Debt Service Fund

Special Revenue Funds:

Four Cent Gas Tax Fund

Seven Cent Gas Tax Fund

Corrections Fund

Drug Seizure Fund

Municipal Training Fund

Library State Aid Fund

Municipal Judicial Fund

The City follows these procedures in establishing the budgetary data reflected in the required supplementary information:

1. Instructions and budget work papers are distributed to departments and a revenue estimate for the following fiscal year is prepared.
2. Departments return copies of completed budget requests forms to the budget staff.
3. The Mayor and budget staff begin individual departmental reviews and prepare recommended changes to the departmental budgets.
4. The Mayor submits recommended departmental changes to individual departments affected.
5. Departments incorporate recommended budget changes and update budget schedules.
6. The Mayor's recommended budget is finalized for submission to the City Council.
7. The Mayor presents the proposed budget to the City Council.
8. The City Council takes final action for approval of the operating budget by the beginning date of the fiscal year.

The annual budget is prepared by fund, department and object. The Mayor or appointed City staff is authorized to make budget transfers by object within each department. Transfers of appropriations between departments or between funds require approval of the City Council. The legal level of budgetary control is by department.

The original and final/amended budget amounts are reflected in the required supplementary information.

CITY OF ALABASTER, ALABAMA
Notes to the Required Supplementary Information
September 30, 2020
(Continued)

NOTE 1 - BUDGETARY INFORMATION - Continued

The following represents expenditures in excess of appropriations of the following amounts by department for the fiscal year ended September 30, 2020:

General government		
Finance	\$	3,185
Elected officials		908
Alabaster City Schools		
Payments to the Alabaster Board of Education	\$	89,347

NOTE 2 - SUMMARY OF SIGNIFICANT PENSION PLAN PRACTICES

Actuarially determined contribution rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported. Contributions for fiscal year 2020 were based on the September 30, 2017 actuarial valuation.

Methods and assumptions used to determine contribution rates for the period October 1, 2019 to September 30, 2020:

Actuarial cost method	Entry age
Amortization method	Level percent closed
Remaining amortization period	23.9 years
Asset valuation method	Five-year smoothed market
Inflation	2.750%
Salary increases	3.25 - 5.00%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation

CITY OF ALABASTER, ALABAMA
Notes to the Required Supplementary Information
September 30, 2020
(Continued)

NOTE 3 - SUMMARY OF SIGNIFICANT OPEB PLAN PRACTICES

No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Statement No. 75, paragraph 4, *Postemployment Benefits Other Than Pensions - Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria - Defined Benefit* to pay related benefits.

Methods and assumptions used to determine contribution rates for the period October 1, 2019 to September 30, 2020:

Actuarial cost method	Individual Entry Age Normal
Amortization method	Level dollar, open
Remaining amortization period	30 years
Asset valuation method	Market value
Inflation	2.50%
Salary increases	3.00%, including inflation
Discount rate	2.21% annually
Retirement age	Five years' delay, 25 years of service at any age; but not later than age 60; or attainment of age 60 and 10 years of service; employees hired on or after January 1, 2013 are not eligible to retire until age 62.
Mortality	RPH-2014 Combined Mortality Table
Turnover	Age specific table with an average of 5% when applied to the active census

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Alabaster's comprehensive annual financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information says about the government's overall financial health

Contents	Page
Financial Trends	95
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	
Revenue Capacity	102
These schedules contain information to help the reader assess the government's most significant local revenue source, the sales tax.	
Debt Capacity	105
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Demographic and Economic Information	109
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	
Operating Information	111
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual report for the relevant year.
