

# ALABASTER WATER TOWER LIGHTING

To Kick off the Christmas Season

December 5th 5:30—7:00 PM

A tall, lattice-structured water tower stands against a dark night sky. The tower is illuminated with vibrant red and green lights. The top section, including the tank and the upper part of the tower, is lit with green light, while the lower section and the lattice structure are lit with red light. The tower is the central focus of the image.
