Attention Customers
All Mobile Homes require 4 Main Inspections

The Fire Marshal must inspect and approve the lot where the mobile home is to be located.

A certified plumber (with a current city business license) must purchase a plumbing permit and connect the plumbing, waterlines, and sewer or septic tank before an inspection can be done. Gas must be connected by a certified gas fitter. All water and sewer trenches must remain open until released by the Planning and Safety Division.

A certified electrician (with a current city business license) must purchase an electrical permit and install the power meter pole and disconnect to the 2014 NEC codes before an electrical inspection can be done. Alabama Power will not run a service drop until approved and released by Building and Fire Prevention Services.
