

Recreation Center project

24 ACRES NEAR THE CORNER OF HIGHWAY 119 AND THOMPSON ROAD

Project plan

This project will transform about 24 acres at the corner of Highway 119 and Thompson Road into a city recreation and community center, a new park, green space, parking and space for a retail development.

The existing Larry Simmons Stadium will remain in place, and will serve Alabaster Parks & Recreation sports.

Additional upgrades will include a new traffic signal at the intersection, splash pad/water feature and basketball courts.

- **LAND ACQUISITION: COMPLETE**
- **SITE CLEARING BEGINS LATE 2023**
- **CONSTRUCTION: LATE 2024**
